

POWER ASSIST

ConveyX Solutions, LLC (CXL) Power Assist is an economical option to ease the movement of Powered Flex Conveyors in and out of trailers, reposition for convenient access or return to a storage location.

STANDARD FEATURES

- Utilizes a single point of contact to maximize maneuverability of the conveyor.
- Bolted and welded construction for ease of installation, maintenance, and durability.
- Works with CXL Powered Flex Conveyor.
- Simple forward/reverse controls.
- Integrated with a Power Flex Conveyor for seamless controls and operation.
- Can be attached/detached from Powered Flex Conveyor to service multiple conveyors and dock doors (tools required).
